

iGTRM

IGTRM

SPORTSBOOK TRADING SOLUTIONS

IGTRM provides full range of
Sportsbook Risk Management
services since 2014

TRADING STRATEGY

Determining all the **principles** of
the Trading Strategy **in**
agreement with the Partner

MARGIN SETUP

Setting up **optimal margins** for all sports, all leagues, all markets to keep you as **competitive in your market** as possible

LIMITS SETUP

Setting up **all kinds of limits**, including Global Liability limits, as well as the limits for all Sports/Leagues/Markets both PreMatch and InPlay, players' **Risk Groups limits**, players' personalized limits

CUSTOMER DATABASE FACTORING

Managing all the **database risks** by putting each player into one of the respective **Risk Groups**

RISK MANAGEMENT / TRADING

A tennis racket is shown from a low angle, with a yellow tennis ball resting on the strings. The racket is dark-colored with a white grip. The background is a deep blue with wispy, glowing orange and red particles, suggesting a dynamic or high-stakes environment.

Handling **all the risks**, such as potentially risky leagues and events, risky players, incorrect pricing, wrong kickoff times, wrong competitors names etc. Includes **prices and margins corrections** whenever necessary, **constant re-factoring**

BETS MONITORING

Monitoring the bets flow in real time:

7 / 24 / 365

Monitoring the betting flow by **70+ professional traders** - at the moment we monitor **more than 12m bets daily** coming from our partners' businesses from more than **90 countries worldwide**

REPORTING

Weekly/Monthly, Numeric/Text and
Graphic Reports **in all possible details**

BUSINESS INTELLIGENCE

Analyzing the Sportsbook flow with our **AI tools**, highlighting all the specific tendencies and acquisition and retention **recommendations** for the Partner's marketing team
